

Transit Australia Group

Why Drive for Sunbus?

Our various Sunbus Depots are owned by Transit Australia Group & operate on Queensland's beautiful coasts – namely Cairns, Townsville, Rockhampton & the Sunshine Coast.

As a Sunbus bus driver you will enjoy the lifestyle benefits of living and working in some of Australia's premier tourist destinations, as well as flexible working hours, and a variety of service types such as route; school; tourist, and charter.

Sunbus bus drivers are highly respected and motivated professionals dedicated to delivering quality public transport. Our team of drivers are the backbone and face of our organisation and because of this, we look after them.

Sunbus drivers are trained to achieve high standards in all parts of their work including safe driving practices and great customer service.

Following the successful completion of Sunbus' Company Induction, Drivers are encouraged and supported in obtaining a *Certificate 3 in Driving Operations (Bus)*. This is achieved through classroom-based sessions at Induction, as well as on-the-job training, supported by our experienced Training Department and our external training provider. This Certificate III is tailored to our business and the role of a Driver. This is a nationally recognised certification training, and means both our Drivers and the Company can focus on quality outcomes, in a supportive learning environment.

To become a bus driver with Sunbus, you will need:

- Licence: Medium Rigid (minimum)
- QLD Driving Authority: QLD – Classes G & S
- We also require a pre-employment medical as part of the selection process.

If you are interested in joining the Sunbus team, download an application from our employment page and email to the following depending on your location of interest:
